III. DETAILED COURSE INFORMATION

Teaching Language: English

Course Description

This course analyses the relationship of religion and media in contemporary society. It explores how religious practices and attitudes are portrayed in different media forms. Special emphasis is on the presence of religious communities on social media, which is seen as a new meeting place for different religions and cultures. The course also investigates the role of media in shaping religious public identity and discourse. During the course, students will attend field classes.

Educational Outcomes

On completion of this course, the student will be able to:

1. Summarise, compare and critically discuss relationship of religion and media.
2. Critically analyse using appropriate concepts the representation of religion in different media forms.
3. Examine the influence of digital media on public discourse on religion.
4. Develop skills in presentation and discussion in a group context topics on relationship of religion and media.
