

Detailed Course Syllabus

Academic year: 2025/2026	Semester: Summer semester
Study programme: Sestrinstvo (I) (elective)	Year of study: 1

I. BASIC COURSE INFORMATION

Name: Health Promotion and Nursing Care in Early Childhood Settings

Abbreviation: IZBP273

Status: Compulsory	ECTS: 3	Code: 280423
--------------------	---------	--------------

Prerequisites: No

Total Course Workload

Teaching Mode	Total Hours

Class Time and Place: HKS - according to the published schedule

II. TEACHING STAFF

Course Holder

Name and Surname: Matić Ivica

Academic Degree:	Professional Title:
Contact E-mail: ivica.matic@unicath.hr	Telephone:

Office Hours: According to the published schedule

Course Assistant

III. DETAILED COURSE INFORMATION

Teaching Language: Hrvatski

Course Description This course provides undergraduate nursing students with theoretical knowledge and practical experience in promoting and ensuring child health within early childhood education settings. Students will explore the role of the **preschool health coordinator (school nurse)** in preventive healthcare, health education, and collaboration with educators, parents, and healthcare institutions.

Educational Outcomes	<ul style="list-style-type: none"> • explain the responsibilities of a nurse in early childhood education settings • apply key preventive healthcare strategies to protect children's well-being • work collaboratively with educators and preschool staff to integrate health and hygiene practices into daily activities • develop and conduct age-appropriate health education for children and provide training for preschool staff on relevant healthcare topics • maintain accurate health documentation, analyze health data, and prepare reports • monitor and recommend improvements for sanitary and hygienic conditions in preschool settings
